Valid until 2026-10-16. Example payment schedule: deposit on written acceptance; remaining balance after installation and agreed handover. Replace with your actual terms before issuing.

A warmer, more comfortable home starts here.

Installation Plan

A SMOOTH PROCESS FROM START TO FINISH

1

Survey & final specification

Before ordering

Confirm measurements, frame finishes, opening directions, glass and access requirements.

2

Manufacture

Lead time to confirm

Place the order after written approval of the final product schedule.
Confirm an estimated delivery date.

3

Pre-installation contact

Before the visit

Agree the installation date and explain how to prepare each room and maintain access.

4

Installation

Duration to confirm

Protect the work area, remove existing frames, fit the specified products and complete agreed making good.

5

Handover

On completion

Check operation together, explain care requirements and provide the agreed product and installation documents.

A more comfortable home

A considerate installation, with care and respect for your home from start to finish.

Dates are provisional until agreed in writing. Survey findings, access and product availability may affect the programme.

Next Steps

LET US BRING YOUR PROJECT TO LIFE

1**Review this proposal**

Review the product schedule, scope and quotation.

2**Ask any questions**

Ask us to clarify or amend any details before accepting.

3**Confirm and proceed**

Confirm the final surveyed specification and applicable terms in writing.

Acceptance

I confirm that I have reviewed the listed products, scope, quotation and applicable terms. Any changes must be agreed in writing. Signing this demonstration does not place an order.
