QUALITY WINDOWS
A MORE COMFORTABLE HOME

STYLE
SECURITY
COMFORT
FOR EVERYDAY LIVING

Your Home

A closer look at your property

Replace four existing windows and three doors with made-to-measure UPVC products. This example combines a consistent finish with practical opening styles, glazing choices and a clear installation plan.

ILLUSTRATIVE PROJECT PHOTOGRAPHY

More natural light

A warmer, more efficient home

Enhanced security

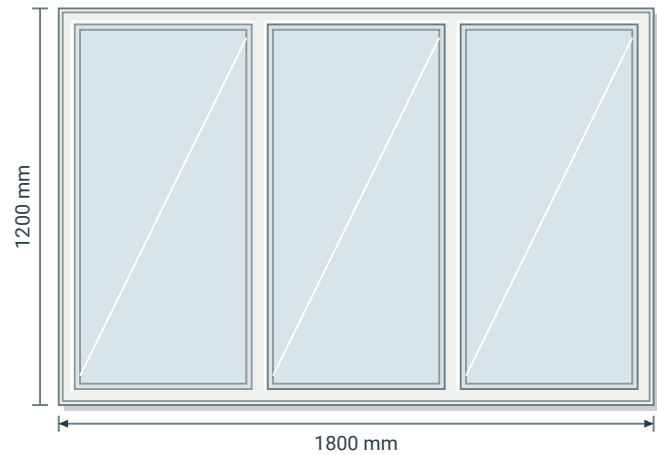

A fresh look you will love

Illustrative dimensions only. Final sizes, opening directions, glass specifications and installation scope must be confirmed by the installer after survey.

Installation, removal and making good	1	£1,250.00	£1,250.00

Subtotal	£7,585.00
VAT (20.00%)	£1,517.00

A more comfortable home starts here.

Total including VAT

£9,102.00

Deposit (25%): £2,275.50 | Remaining balance: £6,826.50

What is included

✓ Supply of the products listed in this proposal

✓ Installation and removal of existing frames

✓ Internal and external making good as agreed at survey

✓ Removal of installation waste and final clean-down

Not included

• Structural alterations unless separately agreed

• Decoration and works not listed in the proposal

• Unforeseen remedial works, to be quoted before proceeding

Valid until 2026-10-16. Example payment schedule: deposit on written acceptance; remaining balance after installation and agreed handover. Replace with your actual terms before issuing.

Installation Plan

A smooth process from start to finish

1	Survey & final specification Confirm measurements, frame finishes, opening directions, glass and access requirements.	Before ordering
2	Manufacture Place the order after written approval of the final product schedule. Confirm an estimated delivery date.	Lead time to confirm
3	Pre-installation contact Agree the installation date and explain how to prepare each room and maintain access.	Before the visit
4	Installation Protect the work area, remove existing frames, fit the specified products and complete agreed making good.	Duration to confirm
5	Handover Check operation together, explain care requirements and provide the agreed product and installation documents.	On completion

Dates are provisional until agreed in writing. Survey findings, access and product availability may affect the programme.

Next Steps

Let us bring your project to life

1

Review this proposal

Review the product schedule, scope and quotation.

2

Ask any questions

Ask us to clarify or amend any details before accepting.

3

Confirm and proceed

Confirm the final surveyed specification and applicable terms in writing.

Acceptance

I confirm that I have reviewed the listed products, scope, quotation and applicable terms. Any changes must be agreed in writing. Signing this demonstration does not place an order.
